

## LOCAL NEWS.

TUESDAY EVENING, JULY 16.

**FOURTH WARD RADICALS.**—A meeting of the Stevens Republican Club of the Fourth Ward was held last night in Bethlehem church. James H. Claggett, colored, President, in the chair, and Robert Darnell, colored, Secretary. After the transaction of the regular routine business of the club, John Seaton, colored, from a committee appointed for the purpose, reported that sixty-three dollars had been collected towards repairing the Church in which the club held its meetings, and, on his motion, vote of thanks was tendered the citizens of Alexandria for their liberal contribution. The meeting was then addressed at considerable length by Mr. R. W. P. Garnett, who advised his hearers to avoid being subjected to the baneful influence of the late converts to the radical faith in Virginia, whose intention, he stated, was to re-enslave them. Mr. Garnett also stated that in the Congressional contest in this district, between Mr. Lewis McKenzie and Judge Wylie, he had voted for the latter, because he favored the emancipation proclamation, when Mr. McKenzie opposed it. The repudiation preamble and resolutions, which have been under consideration for the last month or so in the different republican clubs of the city, were briefly discussed by R. C. Armstrong, white, in favor of, and Anthony Perper and Charles A. Watson, colored, in opposition to, but, without any definite action being taken on them, the meeting, after appointing a committee to make arrangements for the immediate re-roofing of the Church, adjourned until next Monday night.

**SORA.**—Of the natural history of the sora, but comparatively little is known even by those who most frequently indulge their palates with the flavor of the delicious birds, which so suddenly infest during the first week in September, generally, the swamps along the rivers emptying into the Atlantic Ocean, and as suddenly depart upon the first appearance of frost; and many strange theories concerning them find credence among those who profess to be familiar with their habits. But that they really do make their appearance in this neighborhood, before they are fully grown, is now though strenuously denied, apparent, for on Saturday evening last, Mr. Bloxham knocked down and killed in the meadow adjoining the swamp near Cameron Mills, two squab sora, one of which was presented to Mr. J. E. Pierpoint, and is preserved by the gentleman, at his drug store, with a view to sending it to a taxidermist for preparation. That the bird is a young sora no one doubts who has seen it.

**FIRE ALARM.**—The alarm of fire, last night, about one o'clock, was caused by an incendiary attempt to fire the restaurant of Mr. Adam Wenzel, No. 201, King street. A brakeman on the Washington and Alexandria Railroad passing the premises at that time, discovered the fire, and not being able to wake the inmates, broke open the side door and extinguished the flames before much damage was occasioned. The fire department was speedily on the ground, but their services were not required.

**EXCURSION.**—The excursion of the members of Potomac Lodge of Odd Fellows, and their numerous friends, to Carlin's Spring, yesterday, was a grand affair—one of the most numerous attended and pleasant excursions of the season. Everything connected with it, from the time the first train of cars left here, at eight in the morning, until half-past eleven at night, when the last train returned, passed off in the most satisfactory and agreeable manner.

**NEW LOCOMOTIVE.**—The locomotive Virginia, "a five feet driver," a number one passenger engine, rebuilt entirely, from the frame up, at the shops of the Orange and Alexandria Railroad Company, in this city, under the supervision of Master Mechanic James Waddy, was completed yesterday, and made a trip over the road, on which every requisite of a first class engine was found to be present and perfect.

**HEALTH.**—The health of Alexandria continues to be remarkably good; and, there is, therefore, the more reason for continued exertions to preserve it. Cholera and other diseases are hovering about the cities and towns in different quarters of the country. That we may be happily exempt, every effort should be made, by the use of precautionary measures.

**THE WASHINGTON AND ALEXANDRIA RAILROAD.**—The argument in the case of the lessees of the Washington, Alexandria & Georgetown Railroad Company vs. Davison et al., was concluded before the District Court, in session at Fredericksburg, yesterday, but no decision rendered.

**POLICE REPORT—MAYOR'S OFFICE.**—Jefferson Roberts, for selling liquor with a license, was fined and discharged.

**MAGISTRATE'S OFFICE.**—There were no cases of a criminal character at the Magistrate's Office this morning.

**THE COAL TRADE.**—In order to secure a portion of the Coal Trade to the city of Washington, the Washington Star urges that the C. & O. Canal from Rock Creek to Seventeenth street, be made navigable at once, by an appropriation from the City Council. Georgetown has recently raised the canal bridges, and coal boats can now reach Rock Creek without obstruction. The Creek has been deepened by recent freshets, so as to be navigable, and the Chesapeake and Ohio Canal Company is now engaged in reconstructing the outlet lock at its mouth, so that boats can come into the Potomac at that point. This latter work will be finished about the first of September.

**BACK MONEY.**—A large meeting of the colored men who were formerly employees in the U. S. commissary and quartermaster's departments in this city, was held last night, in "Slouby's School-House," a colored school-house, on Wolf street, for the purpose of endeavoring to devise some means by which to secure to them the payment of the five dollars per month, improperly, as they say, deducted from their wages while employed by the government, but without any decisive action being taken the meeting adjourned.

**MARINE NEWS.**—The steamer E. C. Knight, from New York, with freight and passengers, arrived here yesterday evening. John Davis and George Carson, of this city, two of the crew of the schooner Louisa Frazier, bound from Georgetown to Boston, with coal, which was beached last week, on Long Island, one mile below Shinnecock light-house, came on in the Knight. Her list of passengers included the names of George Brown, lady and two children, New York; Miss Holstien, New York; Messrs Wyatt and Rodgers, New York; and C. P. Lambert, of this city.

**RENCOUNTER IN COLPEPER.**—Mr. Robt. O. Grayson, formerly of this city, on Sunday morning last, shot in Stevensburg, Colpeper county, a young man, named Brown, son of Mr. M. L. Brown, with a double-barrel shot gun, loaded with buck shot and balls. Mr. Brown received seventeen wounds, but was alive at last accounts. The cause of the shooting was alleged improper familiarity between Mr. Brown and Mr. Grayson's wife.

**DISAPPOINTED.**—Many persons were on the wharf of the steamer H. Livingston, this morning, awaiting transportation in her down the river. She did not arrive, however, from Washington, and the expectant passengers had, necessarily, but unwillingly, to consent to postpone their contemplated trip until to-morrow, when they can procure passage on either the Columbia or Kennebec.

**ALEXANDRIA CHRISTIAN ASSOCIATION.**—This organization will hold its regular monthly meeting in the Lecture Room of the Baptist Church this evening, at 8 o'clock. It is earnestly desired that there shall be a full attendance of the members, as business of special importance will be brought up for consideration.
